

STATEMENT OF PURPOSE

RS21118

This legislation would amend Idaho Code 33-5203(2)(a) to remove the growth cap of six new public charter schools per year, and to remove the cap of one new public charter school per district per year.

FISCAL NOTE

There is no anticipated impact to the State General Fund. Historical charter school growth rates, together with the extensive nature of the charter petitioning process, indicate that removal of the cap will not result in an increased rate of growth in the number of public charter schools.
